

My Marriage My Choice

Can you help shape policy & practice around forced marriage of people with learning disabilities?

We are looking for people to attend a one day workshop to contribute to forced marriage research (ADASS approved)

What skills are we looking for?

We are looking for people who have experience in assessing capacity. You will have the opportunity to inform tools and guidance that will be specifically about assessment of a person to make a decision about getting married.

If you feel you have the knowledge and skills to contribute to this research we would love to hear from you.

Please send this on to any colleagues you think might be interested.
